

Oliver “Oleg” Hahm

Zühlke Engineering/RIOT

Research and Coding Interests

- Network protocols, implementations, and interoperability in constrained nodes networks
- IoT software platforms
- Information-centric networking

Wish List of Hackathon Topics

- Naming schemes in IoT-ICN
- C++-readiness:
 - How C++-ready is RIOT?
 - How IoT-ready is C++?
- ICN meets TiSCH

Background

- From Practice to Research – and back again
- *Enabling Energy Efficient Smart Object Networking at Internet Scale*
